## **Calhoun County Area Chamber & Visitors Center Small Business Relief Fund Update**

---

**CALHOUN COUNTY, AL** - With the conclusion of Round 2 of the Small Business Relief Fund review process, 80 grants from Rounds 1 & 2 were awarded to small businesses in Calhoun County, totaling in the amount of \$286,816. None of this would have been possible without our partner in this program, the Community Foundation of Northeast Alabama. We would like to thank our local municipalities, as well as our public and private donors, for their generosity towards the business community of Calhoun County.

Larry Deason, Calhoun County Area Chamber & Visitors Center Board Chairman, had this to say in regards to the Small Business Relief Fund, "The Chamber is proud to partner with the Community Foundation of Northeast Alabama in providing much needed financial relief to the small businesses in our community. Thanks to the support and generosity of our local municipalities and donors, we've been able to keep our small businesses alive and thriving through the COVID-19 pandemic."
